Sub:- Brotherhood concession in tuition-fee, to students  
studying in constituent colleges of the Vishwa  
Vidyalaya.

...

The question of applicability of the brother-hood  
concession, hithertofore vogue in the constituent colleges,  
just before the establishment of the Vishwa Vidyalaya, was  
actively engaging the attention of the Vishwa Vidyalaya.

The Vishwa Vidyalaya Board, at its meeting held on  
the 20th December 1969, decided that in case more than one  
student of the same parenthood is studying in any of the  
institutions of this Vishwa Vidyalaya, the eldest will have to  
pay full tuition-fee and other fees as required under the rules  
but the younger brother/s will be required to pay only half of  
the tuition-fee. This concession will be applicable in respect  
of only the tuition-fee. This will cease to be effective as and  
when any one or more of the brothers leave the institution,  
temporarily or permanently, leaving only one as a regular student.

The above concession should be deemed to be  
applicable from the current academic session, i.e. 1969-70.
