

CURRICULUM-VITAE

Career Objective

As a dedicated Ph.D. scholar, my career objective is to leverage my passion for Agriculture to contribute significantly to the advancement of knowledge in Agricultural Economics. Through rigorous research, innovative thinking, and collaboration with experts in the field, I aim to make meaningful contributions that address Innovation and Technology in Agriculture. My goal is to establish myself as a recognized authority in Agricultural Economics, fostering positive change and influencing the academic community. I am committed to pursuing excellence in research, publishing impactful work, and inspiring the next generation of scholars through teaching and mentorship. Ultimately, my objective is to create a lasting impact on Agricultural Economics by pushing the boundaries of knowledge and contributing to the betterment of society.
