Placement Cell
JNKVV

JNKVV, Jabalpur recipient of Best Agriculture University award by ICAR is a preferred State Agriculture University (SAU) to recruit from, for a large number of companies/NGOs and other Agriculture related private sectors, Banks etc. We feel validated in the quality of education as per ICAR norms and experience through Rural Agriculture Work Experience (RAWE) we provide to our students and as an outcome majority of our students are successfully placed on campus. Our well-defined course structures are designed to give our students a balanced education with theory as well as practical knowledge. In addition, they are encouraged to participate in extracurricular activities as it helps them develop soft skills and develop well rounded personalities. It is this that differentiates our students and makes them a valuable part of any company they join.

Why Recruit from JNKVV

Jawaharlal Nehru Krishi Vishwa Vidyalaya (JNKVV), Jabalpur, Madhya Pradesh, is a renowned State Agricultural University established on 2nd October 1964. The University has been playing a significant role in agricultural education, research, technological advancement, and rural development in Madhya Pradesh**.** JNKVV operates a multi-campus academic network comprising colleges specializing in Agriculture (o8 colleges), Horticulture (02 Colleges), Forestry, MBA (Agri Business Management) and Agricultural Engineering.

- ✓ **Stringent student selection** - all our students enter the JNKVV after proving themselves through competitive examination conducted by either VYAPAM OR ICAR.
- ✓ **Well-designed– B.Sc. Agriculture – Industry-Oriented Curriculum**

Over 90% of our faculty members are PhDs and are actively involved in teaching, research and journal publications. Our curriculum is designed by Indian Council of Agricultural Research, New Delhi. Students with experience at Village level the RAWE Program ensures that every student has spent over 6 months working with the farming community before graduation. The program exposes them to real life applications of their course work and teaches them to work in a rural environment.

Placement Process

- **Company Contact and Industry Outreach** -The Placement Cell contacts reputed private companies, agricultural industries, agribusiness organizations, seed companies, fertilizer companies, agrochemical industries, food processing companies, and agri-tech enterprises to explore recruitment opportunities about 2 months ahead of the placement schedule.
- **Collection of Placement Offers-**Interested companies share their recruitment requirements, including job profiles, eligibility criteria, required qualifications, salary packages, job locations, and selection procedures.
- **Circulation of Recruitment Notification-**After receiving the placement offer, the recruitment notification is circulated among students through placement posters, official communication channels, notice boards, and student groups to invite applications.
- **Student Registration and Database Preparation-**Interested and eligible students register for the recruitment drive by submitting their academic details, resumes, contact information, technical skills, and other relevant information through a prescribed format of company Excel format or registration form.
- **Compilation and Sharing of Student Database-**The Placement Cell compile the student information into a consolidated Excel database and shares the relevant student profiles with the recruiting company for further evaluation.
- **Company Shortlisting of Candidates-**The recruiting company reviews the submitted student database and shortlists candidates based on its eligibility requirements, academic performance, skills, and recruitment criteria.
- **Organization of ONLINE/OFFLINE Campus Recruitment Drive-** After receiving the shortlisted candidate list, the Placement Cell coordinates with the company to organize the campus recruitment process. The company conducts the selection process through various stages, such as:
    - Pre-placement talk
    - Written or aptitude test
    - Group discussion, wherever applicable
    - Personal interview
    - Final selection and offer letter distribution
- We ask eligible students who are interested in the job to be present for campus selection process a week before the scheduled visit.
- The company re-confirms travel plan a week before the allocated visit date.
- We book accommodation for company (on payment basis) at the University Guesthouse within the campus.
- We provide well equipped a presentation hall and exam hall if required
- **Selection and Placement Confirmation-**The company announces the final selection list and communicates the employment offers to selected students. The

Placement Cell maintain placement records and coordinates with the company and selected candidates for further formalities.

- Students sign offer letter and a copy is forwarded to the company.

Our Commitment

The Placement Cell acts as a bridge between students and the corporate sector, ensuring transparent communication, systematic coordination, and smooth execution of campus recruitment activities.

Some of the salient points of the placement process are:

- **No registration charges** for Recruiters. Seminar halls with LCD projectors and computers are provided for conducting pre-placement talks
- Rooms for aptitude tests, group discussions and interviews are also made available
- A team of dedicated placement committee volunteers work to ensure simpler logistics and all other related issues regarding campus placements.
